Happy Saturday

Reflection by (1A) Chu So Ying, Danae

The English Funfair was amazing! I really enjoyed the time and I got to play many fun games. My favourite games were scrabble and save the animals. I got to eat popcorn just for playing the games! The helpers were really kind and willing to help me if I was stuck. The prizes were also really cute!

The LPSMC English Funfair 2024

LPSMC's English Funfair held on April 20th, was a resounding success, providing attendees with a range of engaging English activities. Led by 80 passionate English Ambassadors, the event featured 16 interactive games that immersed participants and enhanced their language skills. To compete for attractive prizes, guests collected stamps by actively participating in the games. The prizes included coveted cushions adorned with beloved anime characters, wizard's wands, and useful stationery, adding an extra element of excitement to the fair. The event attracted a large audience, with eager S1 students, local primary school students, and supportive parents in attendance. The atmosphere was filled with joy and enthusiasm as everyone came together to celebrate the joy of English language learning. A popcorn machine added a delicious touch, while the English Drama Team's creative photo booth allowed guests to immerse themselves in the world of characters written and brought to life for this year's play. The English Funfair exemplified LPSMC's commitment to providing engaging and immersive language learning experiences, leaving participants with cherished memories and a renewed passion for English.

AMAZING things HAPPEN here

Reflection by (1C) Chan Hoi Tung, Quincy

The English Funfair was a really fun experience. I got to enjoy some delicious, fresh popcorn, won some great prizes, and got my hand painted with a cool design. As a member of our English Drama Team, I also participated in running our booth, and got to dress up as my character while taking some great photos with the guests.

中一朋輩輔導計劃遊戲日

Group 6 路線
501 \Rightarrow 604 \Rightarrow 502

朋輩輔導員設計了三款密室逃脫遊戲，讓中一級學生在推理過程中，了解社交平台與青年人的利害關係，讓學生學習辨別資訊真偽，對網上發表的行為保持警惕，體會面對失實及負面評價的感受，學習多角度思考。
